How carryover benefits work

Receive a \$400 benefit in your carryover account to use in the next benefit year when you meet these conditions:

- One cleaning and one routine exam and
- Total paid dental claims for Class A, B or C services below \$800 (your threshold limit, the maximum amount of benefits an insured can receive during a policy year and still be able to receive the carryover benefit).

Your carryover account can grow up to \$1,600 to help pay for claims if you exceed your policy year maximum benefit.3

- 1 In-network benefits are for covered dental services provided by a participating dentist. Participating dentists have agreed to accept negotiated fees as payment in full, subject to any deductibles, coinsurance and benefit maximums, and will file claims for you.
- 2 Out-of-network benefits are for covered dental services provided by a non-participating dentist. Benefits are provided at the lesser of the dentist's actual fee or the Maximum Allowable Charge (MAC), a scheduled amount determined by Colonial Life. In Alaska only, benefits are based on usual, customary, and reasonable charges (80th UCR) for the same covered procedure by providers of similar training or experience in the general geographic area, reviewed and updated periodically. Benefits are subject to any deductibles, co-insurance and maximums. Dentists haven't agreed to accept reimbursement as payment in full. Additional out-of-pocket costs may apply. You may have to file a claim to receive benefits.
- 3 You must be covered for 12 consecutive months to receive the carryover benefit. The carryover benefit may not be used for orthodontic treatment or services. A break in dental coverage will eliminate the carryover account balance.
- 4 Member may have one additional periodontal maintenance in place of an additional cleaning.
- 5 Six-month waiting period in Vermont.
